# プリキュアコレクション

Mirai Asahina is a girl in her second year of middle school. One spring day, she meets a magician girl named Riko. With the magical words, "Cure Up RaPaPa", they transformed into the legendary magicians, "Precure"!! The Fairy Ha-chan also grows up and joins them as Cure Felice. These girls from two different worlds, the Magical World and the Non-Magic World, will now bring forth a magical miracle!

**Cure Felice**  
(Kotoha Hanami)

The grown form of the Fairy Ha-chan. As the third Precure, she fights alongside Mirai and Riko.

**Cure Miracle**  
(Mirai Asahina)

A 2nd year middle schooler who's always positive no matter what. Her catchphrase is "It's so exciting!"

**Cure Magical**  
(Riko Izayoi)

Excellent in her studies but a little bad with magic... She's working hard in order to become a great magician.

**Mofurun**

Mirai's precious teddy bear who has always been with her. After Mirai and Riko became Precures, a miraculous power brought her to life!

**Ha-chan**

A young fairy who Riko and Mirai meet in the Magic School's library. A very curious fairy.
